Career Objective

Seeking a challenging role where I can apply my skills in **Frontend Development** to create intuitive and effective digital products. My goal is to join a dynamic team and contribute to a company's growth by building seamless, user-centric experiences. I am a dedicated problem-solver with a strong passion for technology and innovation.

Education

Bachelor of Computer Applications (BCA)   04/2020 – 06/2023
University of Delhi   Delhi

Internships

Green Light Studio   12/2021 – 03/2022
Programme UIs for NFT marketplaces, assist in Web3 integration and smart contracts using Solidity.

Techrupt Innovation   07/2022 – 10/2022
Created pixel perfect responsive using Next.js from Figma.

DC Techworks   10/2022 – 12/2022
Built interactive Websites using Frontend with Google Firebase.   Delhi

Megdap Innovations Pvt. Ltd.   12/2022 – 07/2023
Built Power BI dashboards and converting design into responsive code using SCSS   Remote

Professional Experience

Software Developer   07/2023 – Present
Megdap Innovations Pvt. Ltd.   Pune

- **Engineered** and **launched** robust front-end applications using **React.js**, **Next.js**, and **Tailwind CSS**, resulting in a 100% increase in user engagement and a 50% reduction in page load times.
- **Integrated** and **configured** data pipelines from **Power BI** and **Elasticsearch**, enabling stakeholders to gain real-time insights from key performance metrics.
- **Authored** and **deployed** data-driven dashboards using **Apache Superset**, providing executive leadership with actionable insights and improving data-driven decision-making.
- **Developed** critical front-end components for a **speech-to-speech translation application**, contributing to its successful beta launch and a 80% improvement in translation accuracy.
